TENSAR GEOGRID CASE STUDY

Project: Home Depot

Location: Waxahachie, TX

Installation Date: 2000

Owner: Home Depot

Engineer: PSI – Jim Anderson

Contractor: R.J. Griffin & Co

Product: Tensar BX 1100

Quantity: 600 SY

Application: Subgrade Improvement

- New pavement failed due to infiltration of water from roof drains – Jim frequently specifies Geogrid in wet and difficult situations – Water continues to saturate the subgrade
